WHY CHOOSE RTIP

Our name is OTIP.

Our initials stand for Ontario Teachers Insurance Plan. We stand for putting Ontario's educators first. Members of the education community are our reason for being - helping them protect the things they care about is what gets us out of bed in the morning, and it's what makes us look forward to tomorrow.

We proudly offer a full range of group and individual insurance products, including our Retired Teachers Insurance Plan (RTIP), that all share one thing in common: To specifically address and satisfy the unique needs of our members.

Why choose our retiree insurance through RTIP?

Retired Teachers Insurance Plan (RTIP) offers the most flexible health, dental and travel insurance to all members of the retired education community including educators, administrative and support staff. Here are some details about our RTIP plans that make us proud:

- No membership fees and open to all retired education employees currently living in Ontario.
- Three health-care plans to choose from, offering different travel coverage durations, prescription drug and paramedical maximums, and the flexibility to increase or decrease coverage at your next renewal.
- Travel insurance for medical emergencies is included in every RTIP health plan with 100% coverage up to \$10 million per person, per trip. Coverage applies to **multiple trips per year** with coverage duration limits varying by plan:
 - RTIP Gold 2500 and RTIP Plus 4000: Up to 100 consecutive days per trip
 - RTIP Gold 750: Up to 30 consecutive days per trip
 - Each plan also includes trip interruption and cancellation coverage of up to \$6,000 per trip, offering protection against unexpected changes to travel plans.
- You have the option to add dental coverage at any time, without a penalty.*
- All RTIP members get complimentary access to these value-added programs:
 - **Carepath Digital Health™** — assistance in navigating through the multitude of cancer and elder care support services available in Canada.
 - **EdvantagePerks** — exclusive discounts from a variety of retail and service providers.
 - **Express Scripts Canada Pharmacy™** — a home delivery drug program that covers 100% of your generic maintenance prescription drug expenses (or 90% of eligible brand-name prescriptions).
 - **OTIP Bursary Program** — we award bursaries of \$1,500 annually to post-secondary school students.
 - **Starling Minds** — access tools to help better manage your mental health and get substance use support with a self-guided digital program that is available 24/7, confidential, and tailored to you.

DECIDING ON A PLAN

**How often do you travel? What paramedical services do you use?
What are your annual prescription drug costs?**

Under age 65

If you haven't kept track of the cost of your prescription drugs, don't worry! Call your pharmacist to determine the total annual cost of your prescription drugs.

Age 65 or older

If you are 65 or older and living in Ontario with a valid Ontario health card, you are eligible for the Ontario Drug Benefit (ODB) Program. This program may cover the majority of your prescription drug costs. Call your pharmacist to determine the annual cost of your prescription drugs that are not covered under the ODB Program. Use that amount to determine the RTIP plan that will meet your current coverage needs.

Customize your coverage with the flexibility of three plan choices

- ☐ Determine the level of prescription drug coverage — \$750, \$2,500, or \$4,000. Pay for what you need.
- ☐ Choose single, couple or family coverage.
- ☐ Semi-private hospital accommodation is standard with RTIP Plus 4000 and RTIP Gold 2500.
- ☐ Generous 100-day trip duration is included under RTIP Plus 4000 and RTIP Gold 2500.
- ☐ Extensive paramedical service options and \$1,350 coverage with RTIP Plus 4000 and RTIP Gold 2500.
- ☐ Vision care coverage is available with RTIP Plus 4000 and RTIP Gold 2500
- ☐ Dental coverage is always optional. Add it at any time with no penalty. **Reminder: both health and dental coverage must be maintained for 12 months from the effective date of coverage.**

RTIP offers the following levels of coverage to fit your current and potential future needs:

Plan	Annual prescription drug max.	Annual travel max. days per trip	Annual paramedical maximum	What else is included? Go to:
RTIP Plus 4000	\$4,000	100 days, unlimited trips per year	\$1,350 combined maximum	Page 6
RTIP Gold 2500	\$2,500	100 days, unlimited trips per year	\$1,350 combined maximum	Page 8
RTIP Gold 750	\$750	30 days, unlimited trips per year	\$750 combined maximum	Page 10

Remember, you can choose the coverage that works best for your lifestyle. With multiple plans available, you have the freedom to adjust your health coverage as your needs evolve throughout retirement. When you increase or reduce health coverage, it will take effect on January 1 of your next renewal.*

WHO IS ELIGIBLE

You've set your retirement date.

This is the best time to apply! Apply before your current health coverage ends to ensure your RTIP coverage is ready when you need it. Applying early also ensures you receive your OTIP ID and instructions to access your My Member Account as soon as your coverage begins. Your My Member Account will provide online access to your contract and allow you to submit claims, print a travel letter, make changes to your banking etc.

You've recently retired.

If you apply for an RTIP plan within 60 days of your group health plan end date, you will have our three health-care plans to choose from.

You've already retired and want to switch from a different group benefits plan.

If you want to switch to RTIP (even from another group health benefits plan), you can apply within 60 days of your current group health plan end date and still have three health-care plans to choose from.

You have not been covered under a group health benefits plan in the last 60 days.

If you apply for an RTIP plan more than 60 days after your health coverage ends, you will still be eligible for the RTIP Gold 750 plan. You will have the option to increase coverage from the Gold 750 plan to the RTIP Gold 2500 plan, after 12 months, following the next January 1 renewal.*

You're still working, semi-retired, or covered under a spouse's/partner's plan.

Even if your current health plan is not ending, you can still apply for the RTIP Gold 750 plan to coordinate benefits. You will have the option to increase coverage from the Gold 750 plan to the RTIP Gold 2500 plan, after 12 months, following the next January 1 renewal.*

Dependants.

Members' unmarried children, not employed on a full-time basis, under the age of 21 (under 31 if attending school full-time) are eligible for dependant coverage under an RTIP plan. There is no age limit for unmarried, dependent children who are incapable of self-sustaining support due to a mental or physical disability that occurred prior to age 21. Keep in mind any two family members can qualify for couple coverage. If you do not have an eligible spouse, you and your dependent child can qualify for couple rates.

All retired education employees living in Ontario, as well as their eligible family members and survivors can apply for coverage under an RTIP plan. No medical evidence is required to join RTIP.

RTIP PLUS 4000

This comprehensive plan provides \$4,000 in prescription drug coverage per person, per calendar year. With superior health-care coverage, semi-private hospital accommodation, travel insurance and the option to add dental coverage, it is the choice of many retired education employees.

TRAVEL INSURANCE

Included in all RTIP plans at no additional cost

We know that travel is an exciting priority for many RTIP members and having peace of mind that you're protected on every journey is important! Our travel insurance offers comprehensive coverage and is included in all RTIP health-care plans at no additional cost.

Emergency medical treatment

- Coverage for up to **\$10 million per person, per trip**, while traveling outside of your province of residence or Canada.
- Coverage is effective **for up to 100 consecutive days per trip** for RTIP Gold 2500 and RTIP Plus 4000, and **30 consecutive days per trip** for RTIP Gold 750, with an unlimited number of trips per year.

Other emergency assistance services include, but are not limited to, pet return services, vehicle return, meals and accommodation, and transportation to bedside in case of travel emergency.

Trip cancellation and/or trip interruption

- Coverage for up to \$6,000 per person, per trip for pre-paid, non-refundable, non-transferable, unused expenses if you are unable to travel or continue to travel due to death, illness, or serious injury to yourself or a member of your immediate or extended family (as defined in the contract).
- Trip cancellation and trip interruption coverage are not available if you depart prior to the effective date of your RTIP policy. In the event of a trip interruption, return airfare is covered if the expense is incurred after the effective date of your RTIP policy.

24-hour emergency assistance

While you are away, 24-hour emergency assistance is always available. Services include arranging for: payment to health-care providers, medical referrals, transportation, notification of physician and family, and local care of dependants. If you are hospitalized and your dependent children and/or grandchildren under the age of 18 are left unattended, their return home will be co-ordinated and paid for. If necessary, a qualified escort will accompany the dependent children, and the escort's expenses for a round trip will be paid.

Before you decide to travel

- If you depart on your trip prior to the effective date of your RTIP policy, your coverage will begin the day your RTIP policy comes into effect. The 30-day or 100-day limit, depending on which coverage you select, will begin on the day you depart.
- Claims processing uses a standard administrative practice to determine if you were clinically stable at the time of the incident. Because decisions on the eligibility of a claim are made after the claim has been submitted, OTIP cannot guarantee before you leave that claims related to your pre-existing medical condition will be covered.
- As with any insurance plan, it is important to check the details of your contract to ensure you are protected. Additional details of the coverage details and exclusions under the RTIP travel insurance plan can be found at otip.com/rtip-travel

Top-up insurance for trips over 30 consecutive days or 100 consecutive days is available.

Visit otip.com/rtip-travel for more information.

As an RTIP member, if you are traveling and need immediate assistance, call OTIP Travel Assistance right away! We will confirm whether your emergency is covered, direct you to the nearest clinic or hospital that offers the best available care, and if possible, handle the payment directly so you don't have to pay up front.

RTIP provides coverage for pre-existing medical conditions as long as the stability requirement is met. This means that RTIP does not have exclusions for pre-existing conditions. We also offer enhanced pre-trip assistance services including evaluation of a medical condition's eligibility, to give you additional comfort, prior to your travel.

What is “medically stable”?

A medical condition is considered stable when all of the following statements are true during the 90-day period immediately preceding the date of departure:

- There has not been any new treatment prescribed or recommended, or change(s) to existing treatment (including stoppage in treatment).
- The medical condition has not become worse.
- There has not been any new, more frequent, or more severe symptoms.
- There has been no hospitalization or referral to a specialist.
- There have not been any tests, investigation or treatment recommended, but not yet complete, nor any outstanding test results.
- There is no planned or pending treatment.
- There has not been any change to an existing prescribed drug (including an increase, decrease, or stoppage to prescribed dosage) or recommendation or starting of a new prescription drug.

The following are not considered changes to existing prescribed Drug Treatment:

- Routine dosage adjustments of Coumadin, Warfarin, or insulin, as long as these medications have not been newly prescribed or stopped;
- A change from a brand name to a generic equivalent product as long as the dosage is the same – including a transition from a biologic to a biosimilar drug product;
- A decrease in the dosage of a medication due to the improvement of a condition.

Note: All conditions above must be met during the 90-day period before departure to be considered medically stable.

Once enrolled, if you have any questions related to changes to a medical condition or prescription and how it may impact your travel, OTIP Travel Assistance can help. We can also assist with inquiries related to your destination, including visa requirements and vaccines.

DENTAL COVERAGE

Dental coverage is optional

RTIP's dental plan covers regular examinations, preventive care and many more substantial procedures, as outlined below. Reimbursement is based on the current year's general practitioner's fee guide in the province of treatment.

Coverage includes:

Basic Preventive and Restorative Services*

80% coverage for dental examinations, extractions, fillings, X-rays, periodontal scaling combined with root planing up to 12 units, cleaning and preventive procedures with no overall maximum. Coverage for recall examinations is limited to nine months from the last appointment.

Comprehensive Basic Services*

80% coverage for root canals (endodontics), gum disease treatments (periodontics) and repairs, rebasing and relining of upper and lower dentures, up to a combined annual maximum of \$850.

Major Services*

50% coverage for crowns, bridges, implants and dentures, to a combined annual maximum of \$750.

Add dental coverage at any time!

Dental coverage can be added to any of the RTIP health-care plans at any time. The only requirement is that you remain enrolled for at least 12 months after adding dental care to your plan. If you decide to cancel your dental coverage after the minimum 12-month requirement, you must wait 24 months before you can repurchase this benefit.

A couple with backpacks is seen from behind, looking out over a vast fjord and mountains. The woman on the left has blonde hair tied back, and the man on the right has grey hair. They are both wearing dark jackets and backpacks. The landscape is scenic, with a large body of water (fjord) winding through deep, forested valleys and mountains in the background. A small town is visible on the left side of the fjord. The sky is clear and blue.

TERMS & CONDITIONS

General Conditions

Provincial Sales Tax (PST) and Harmonized Sales Tax (HST) are NOT applicable to RTIP premiums. The premiums listed in the 2026 RTIP Guide are effective from January 1, 2026 to December 31, 2026. The RTIP Guide is a summary of the important features of each of our plans, and does not constitute a contract. Once you enrol, we will provide you with a contract containing the specific terms and conditions. Only the terms and conditions of the contract are binding. Limit one policy per member. RTIP plan coverage applies only where provincial coverage is not available.

Changing Plans

At renewal time, you can increase your coverage by one level (e.g. Gold 2500 to Plus 4000) or decrease by any number of levels (e.g. Plus 4000 to Gold 750, Gold 2500 to Gold 750). When you increase/reduce health coverage, it will take effect on January 1 of your next renewal. Not applicable to late applicants.

Late Applicants

You will be considered a late applicant if you apply for health coverage more than 60 days after losing group coverage, you are transferring from an individual insurance plan, you were not previously insured under a group insurance plan, or you have enrolled under RTIP, even though current coverage has not ended, in order to coordinate benefits with another plan. Late applicants are eligible for coverage under the RTIP Gold 750 plan as of the current or future date approved on the application, without proof of good health. Coverage can only be increased after 12 months in the plan and at the next January 1 renewal. Eligibility requirements apply to everyone covered under the plan.

Adding/Removing Coverage

You must maintain health and dental coverage for a minimum of 12 months after your coverage start date. If dental is added after your start date, it must be maintained for 12 months from the effective date of coverage. If you decide to cancel your coverage after 12 months, you cannot apply for coverage again for 24 months after the date of termination. Eligibility requirements apply to everyone covered under the plan. Please note: Health coverage must be in place to add dental coverage, and dental coverage applies to all covered persons under your RTIP plan.
